

Cut-off Saw
355mm-2400W

5903

- Powerful, high performance 2400W motor ensures perfect functionality
- Anti-dust ergonomic switch for reducing dust penetration and more convenient use
- Adjustable spark guard designed to divert sparks and ensures safety of operations
- Fence adjustment up to 45° for accurate angle cuts, adjusts in 2 positions for different material sizes
- Spindle lock system for easy and fast wheel changing and safety mechanism
- D-shape handle enables better gripping and more control during various cutting applications
- Strong, precise work piece clamp improves working performance especially in accurate cutting operations

Model	5903
Power	2400W
Voltage	220V
Frequency	50Hz
No Load RPM	4100 RPM
Blade Diameter	355mm
Max Capacity in Round Steel	130mm
Max Capacity in Square Steel	120mm
Max Capacity in Rectangle Steel	120*130mm
Max Capacity in Angle Steel	140*140mm
Weight	14.5Kg
Supplied in	Ronix color box
Includes	Hex key, 355mm cutting wheel
